## ***President's Message***

Looks like another hot summer in Illinois for the weather and the coin market. Our Spring Show hosted by the Quad Cities Coin Club was a success. I would like to thank the hard-working Quad Cities members for a job well-done. I would like to especially thank John Brixey. I hope ILNA and the Quad Cities Club can team up again for another Spring Show. I was extremely encouraged by the number of Young Numismatist at the youth auction.

On August 10<sup>th</sup> to the 16<sup>th</sup> the ANA Convention will be in Rossmont at the Convention Center. I hope everybody can spend some time at the largest show in the country, right here in our backyard. ILNA will have a club table. So stop by and say "hello".

The time has come to talk about our annual Fall Convention on October 7<sup>th</sup> to the 10<sup>th</sup>. The Ramada Inn in Halsted will play host to this wonderful event. We have been there for the last 2 years. However, it is newly remodeled. The remodeling includes a brand new ballroom with better lighting, new rooms from top to bottom on the 3<sup>rd</sup> and 4<sup>th</sup> floors, and new security locked doors. Please call to make your reservations. The phone number is 1-708-596-1500. Be sure to ask for the show room rate at \$ 68.00, and ask for a room on the top 2 floors. The convention will have a 115-table bourse. As I write this, the tables are going fast. Please contact Mr. Clayton Hagemann at 1-630-552-3491 to get a table.

We have one grading service coming, and we hope for another by my next message. Also, we will have a full schedule of seminars on Saturday October 9<sup>th</sup>. Be sure to watch for a complete list in our next issue. Pick your favorites to attend, or try to attend them all. They all should be informative, spirited, and entertaining.

In addition, we have lined up Scotsman Coin and Jewelry, and NTL Rare Coin Auctions for a Friday night October 8<sup>th</sup> auction with over 900 lots.

Attention all exhibitors. We welcome your displays. ILNA will be giving out some beautiful awards to the winners. Contact Mr. Jim Erlenborn at 1-815-223-7500 for an exhibit application.

We will also be having a youth auction on Sunday October 10<sup>th</sup> at 12:30pm. Your generous donations are welcomed.

Within the next few weeks, everyone should receive a pack of raffle tickets for the fall convention. Please sell as many tickets as you can. If you run out, please contact any ILNA officer or myself for more. By selling a raffle ticket you, the ILNA member, will make our Fall Show a success. I can be reached at 1-618-397-4839.

The ILNA web site has attracted so many people. Over 1,000 visitors have hit the site. I invite everyone to log on at <http://ilna.davesworld.net>.

Finally, one of our ILNA family members has had some heart problems. He is on the mend. All of the ILNA Board sends our best wishes for a full recovery to Sonny Henry.

# **Minutes of ILNA Spring Board Meeting Milan, IL 4/18/99**

President Jack D. Huggins called the meeting to order at 10:00 A.M. Those in attendance were Jack Huggins, Clayton Hagemann, Bill Burbridge, Steve Butler, Michael Doran, James Erlenborn, Jimmy Kaczor, Bob Olson, Wes Payton and Kermit Wasmer. Excused absences included Frank M. Zapushek, Sonny Henry and Roy Kuester. Frank previously telephoned to report a bout with pneumonia and Sonny recently underwent heart surgery. Chairman Wasmer reported a prior telephone call from Roy Kuester. Unexcused absences included Dick Arnold and Duane Serck. President Huggins asked Bob Olson to take the official minutes.

President Huggins gave the Secretary's Report, which was mailed in by Frank. Jack dispensed with the reading of the most recent Board minutes because they were previously published in the ILNA Digest. Next, a membership recap was read. Presently, there are 262 paid-up individual members and 29 paid-up clubs. Clayton reported that he had dues for an additional 10 individual.

Next, Jack read the Editor's Report. Because of the increasing Digest costs, Frank's memo proposed a schedule of moderate advertising increases. Wes Payton moved to adopt this advertising schedule and James Erlenborn seconded. Approved by all in attendance.

Bill Burbridge presented the financial report, covering the transition period through April 12, 1999. It was noted that all funds have now been transferred to Bill from prior holders, except for the 1999 Coin Show receipts held by Clayton Hagemann. After additional discussion, James Erlenborn moved to approve the Treasurer's Report and Clayton Hagemann seconded. Approved by all in attendance.

Wes Payton gave a summary on the ILNA Youth Scholarship Program; additional cash donations are still needed! Wes encouraged each board member to raise additional funds and he emphasized the need to contact clubs for donations. It was noted that the average donation has been approximately \$25 thus far, but actual donations have ranged from \$4 to \$50. Wes stated that all donations are acknowledged with both a thank you letter and donors are listed in the ILNA Digest. He stated that every donation is sincerely appreciated.

The approaching 1999 election was discussed. There will be five seats up for election this year. Board members Steve Butler, Michael Doran, Wes Payton and Roy Kuester have orally confirmed their willingness to serve another term. President Huggins asked that all candidates submit their biographical information for inclusion in the Summer Digest.

# The "Type 2" Mintmark of the 1946-S, 1947-S, and 1948-S Jefferson Nickel Series by Wesley Payton - Bloomington, IL

As with many coins minted in the United States since 1776, the "type 2" (t2) mintmark of the 1946, 1947, and 1948 Jefferson Nickel from the San Francisco Mint (as discovered by Delma K. Romines) marks a transition to the "knobbed 's'" mintmark of the series. Earlier specimens from this mint had sharp vertical serifs that are the "type 1" (t1) mintmark.

Some well-known examples of other transitions U.S. coinage are the 1864 "no 'L'" and "L" Indian Cent, 1886 t1 and t2 Indian cent, 1864 small motto/large motto 2-Cent Piece, 1883 "with cent" and "no cent" Liberty "V" Nickel, 1956 Proof and 1959 Franklin Half t1 and t2 Reverses, as well as several older type coins and modern proof issues.

According to WALTER BREEN'S COMPLETE ENCYCLOPEDIA OF U.S. AND COLONIAL COINS, t2 "S" mintmarks are 10%, 10%, and 15% respectively for the 1946, 1947, and 1948 San Francisco minted coins. This translates to populations of approximately 1.4 million, 2.5 million, and 1.7 million '46-S's, '47-S's, and '48-S's in the Jefferson Nickel Series. Below is a chart of some "like-populated" coins that will provide some insight as to the rarity of the t2's:

1946-S (1,356,000)	1947-S (2,472,0000)	1948-S (1,695,000)
BREEN # 2705	BREEN # 2711	BREEN # 2715
1869 3-Cent Piece	1868 2-Cent Piece	1875 Shield Nickel
1869 2-Cent Piece	1913-S T1 Buffalo	1921-S Buffalo
1885 "V" Nickel	1893-S Barber Dime	1869 3-Cent Piece
1924-S Buffalo	1926-S S/L Quarter	1893 Barber Half

During the past four (4) years, I have purchased every uncirculated t2 1946-S, 1947-S, and 1948-S Jefferson Nickel that I have seen at coin shows within a 100-150 mile radius of where I live—Bloomington, Illinois. I have recorded approximately 5% for the 1946-S, 8% for the 1947-S, and 10% for the 1948-S t2's. Since all the coins were from coin dealers, it is difficult to tell where the Breen estimates are accurate relating to geographical areas, and how many of these coins are lost, damaged, and circulated.

The variety collector enjoys the pursuit of the OMM'S, RPM'S, DDO'S, DDR'S VAM'S CLIPS, MAD'S, OFF-CENTER STRIKES, and many other curiosities which whets his appetite in buying that one coin which fills the needs of his collection. The pursuance of information will continue to make the "less known" become "more known." As many more collectors are enjoying the challenge of piecing together their own collections without regard to traditional conventions, I ask, "Where else can one find a high-grade numismatic piece with a population of under one (1) million for a price under a dollar (\$1)?"

## MAKING SENSE

John D Wright, NLG

This year was marked by many lesser-known events and by two major events, either of which would make it instantly identifiable by most students.

Royalist clergy in Venezuela proclaim the great earthquake in Caracas to be "Divine vengeance on the revolutionaries". The US Congress passes its first Foreign Aid act, appropriating \$50,000 for Venezuelan earthquake relief.

Lucy Brewer signs aboard the USS Constitution as "Nicholas Baker". She successfully conceals her gender for her entire three-year service on this ship. 'Orleans Territory' becomes the eighteenth state, known henceforth as 'Louisiana'.

The British Prime Minister is assassinated in the House of Commons. British wheat prices soar to thirty pounds per ton, the highest level thus far in history, and a level that will not be matched for another 160 years. Wellington captures Madrid from French forces, forcing Napoleon's brother to flee. Wellington will hold the city for less than four months.

Russia and Sweden sign an expansionist pact. In exchange for Sweden ceding Finland to Russia, Russia agrees to supply troops for Sweden's attempt to annex Norway.

In June of this year, Napoleon's Grand Armee of 600,000 invades Russia, reaching Moscow by September. Mikhail Kutusov orders the city burned and evacuated, and Czar Alexander refuses Napoleon's offer of a truce for the winter. Within a month, with no outside supplies and with the Russian winter closing in, Napoleon begins the long retreat.

Two months later, only 20,000 survivors straggle back into friendly territory. Prussia deserts the French cause and declares itself 'neutral' in the Napoleonic wars. Five weeks later Prussia declares war on Napoleon.

Five years earlier a British 'Orders in Council' had prohibited any neutral nation from trading with France. The US has protested against Britain seizing US ships in French waters and impressing US sailors into the British Navy. The US threatens war if these practices continue. On June 16 Parliament rescinds the 'Orders in Council'. Two days later the US declares war on Britain, unaware of that action.

A US invasion of Canada fails miserably, with British forces retaliating and capturing the invading armies, as well as Detroit, Fort Michilimackinac, and Chicago (Fort Dearborn). Our arsenal of seventeen warships against Britain's more than a thousand warships makes this thirty-month war a nearly continual litany of disaster for the US.

These two major clues abundantly identify the year as 1812, the mother of the US "War of 1812" and Tchaikovsky's "1812 Overture", composed some sixty-eight years later.

## Commemorative Quarter Program

The 50 State Quarters Program was made possible by a special Senate bill. The United States Senate passed H.R. 3301, allowing the United States Mint to be flexible in the placement of mandatory inscriptions on the Washington quarter. This bill allowed the Mint to place the date on the reverse of the coin instead of on the obverse. It also allows the Mint to move the inscription "United States of America" and "Quarter Dollar" from the reverse to the obverse of the coin.

This bill was introduced by Representative Michael N. Castle of Delaware. It was introduced on March 2, 1998 and passed the House on March 27, 1998. It passed the Senate on May 19, 1998. This bill amends chapter 51 of title 31 of the United States Code.

The bust of Washington was also redesigned to give more detail in the features.

All quarters will be released in the order that the States gained Statehood. The roll out schedule is listed below.

Release Year	State	Statehood Date
<b>1999</b>		
	Delaware	Dec 07, 1787
	Pennsylvania	Dec 12, 1787
	New Jersey	Dec 18, 1787
	Georgia	Jan 02, 1788
	Connecticut	Jan 09, 1788

## Variety Collecting is F.U.N.E.Y.

Frank M. Zapushek

Jim Conrad was not a variety collector when he purchased his ANACS slabbed MS 64 1897 Barber dime. He purchased the coin because it was a very attractive coin. With this I must agree.

While examining the coin at home, Jim saw what he thought could be a repunched date (RPD). He contacted me and was willing to send me the coin for authentication.

After examining the coin, I informed Jim that he was correct. It was a repunched date, but not just any old repunched date. Jim had discovered a **new** previously unknown repunched date for the 1897 Barber dime. Yes, one hundred and two years after the coin is struck, a new discovery is still possible.

You will notice the beautiful separation south on the eight. It can also be seen inside the lower loop of the eight, at the top. It may also be viewed in the upper loop of the eight in the lower southeast corner.

The repunching also shows on the upper northeast corner of the seven.

doubling on the ribbon.

While studying the coin in more detail, I noticed that the ribbons of the coin were doubled. This can be seen on the inside (lower) ribbon to the north. At this point, I could not determine if this was hub doubling or design doubling.

At several coin shows, I checked all the 1897 Barber dimes I could find. After finding coins struck with four different dies, I am convinced that this coin also has hub

## MAKING SENSE (Cont.)

While our people are becoming more agitated toward an unnecessary war, the Federal money factory in Philadelphia continues to eke out a minimal supply of new coins. Only three denominations of US coins are made this year: four die-varieties of large cents (1,075,500

pieces), ten die-varieties of half dollars (1,628,029 pieces), and two die-varieties of half eagles (58,087 pieces). The only rarity of the year is one of the half dollars (Overton 101 of 1812, the 1812/11 with large 8).

The cents of this year fall evenly into two groups of two varieties each, differentiated by the size of the 8 in the date. The Small Date 1812 cent (Sheldon 290,291) has the digits evenly and widely spaced. The Large Date 1812 cent (Sheldon 288,289) has a larger 8, and the 81 is closer than the other digits. One of the Small Date 1812's (S-291) shares its reverse with the 1811/10 cent. This reverse die has a horizontal dash below the E of ONE. This is slightly the scarcest 1812 cent, though none of them are more than 'rather common'.

John D. Wright is the author of "The CENT Book", which covers U.S. cents of 1816-1839. He has collected U.S. large cents for almost fifty years.

## Spring Board Meeting (Cont.)

The spring 2000 ILNA sponsored Coin Show was discussed. President Huggins indicated that two groups have expressed interest in holding the spring coin show. Jack reviewed a joint proposal received from the Corn Belt Coin Club in Bloomington and the Tazewell Numismatic Society in Pekin. They propose to jointly hold a coin show in East Peoria with ILNA sponsorship.

A second proposal was discussed from a South Central Illinois club. This club is very active and it has an excellent coin show. However, future show details were not as solid as the first proposal. Bob Olson moved that ILNA sponsor a joint Corn Belt Coin Club/ Tazewell Numismatic Society coin show in East Peoria in Spring 2000, with all profits or losses to accrue to those clubs. Michael Doran seconded the motion. Approved by all in attendance.

The Board expressed their deep appreciation to all for the many nice items, which have been donated to the Youth Auctions. The YN's who have participated have been very excited about their acquisitions. The youngsters' responses to this program are very strong and will surely be beneficial to the future of the hobby. The Board thanks everyone for their generous donations and overall support.

President Huggins read a proposal for a "Ralph C. Winquist Memorial Award" program. The initial written proposal was to award an annual trophy or plaque to a deserving member for their services to the hobby, local clubs and ILNA. Much discussion followed the proposal. Some members prefer to make a significant one-time donation to a worthy project, such as the ANA Library or Educational department. Because of the need for additional information, the proposal was tabled until the summer board meeting.

President Huggins thanked Kermit, Frank Zapushek, Clayton Hagemann, James Erlenborn and Wes Payton for their help with his duties during the last four months.

Vice President Clayton Hagemann reported that table sales are high and that the new floor layout will increase aisle space. Jack and Clayton feel that our table sells will still meet their original expectations.

President Huggins stated that an auction contract with Scotsman Coins is still being negotiated. Jack also stated that Scotsman Coins is willing to provide a "substantial" door prize if show attendees fill out a registration card with their names and addresses. It was the general feeling of the Board that this registration & door prize arrangement was acceptable if the door prize is worthwhile. Motion to approve this door prize was made by Jack Huggins and seconded by Michael Doran. Motion approved.

Chairman Wasmer and President Huggins apprised the Board members that there is a possibility that ILNA could get the Central States Numismatic Society Convention in the fall of 2000. CSNS has approved a Detroit coin show, but reportedly potential

problems have arisen. Board members felt that holding the CSNS show in conjunction with the ILNA show has been a worthwhile endeavor. It was further agreed that President Huggins could contact CSNS at his own best discretion.

It was agreed to accept the gracious invitation of Mr. & Mrs. James Erlenborn to hold the next board meeting at their residence in Peru, Illinois. The meeting will be on Sunday, June 27, 1999 at noon. There will be a picnic following the board meeting, members should bring a dish to pass.

Jack Huggins, seconded by James Erlenborn made a motion to adjourn. Motion approved unanimously. The meeting adjourned at noon.

## Variety Collecting is F.U.N.E.Y. (Cont.)

I then mailed the coin to Kevin Flynn for authentication and registration. Kevin agreed with my finds on the repunched date. It is a new discovery and he has listed it as 1897 RPD-001. He feels it's necessary to study more coins before he can list the ribbon doubling.

Jim Conrad will be listed as the discoverer of this new variety. He will be listed in any books showing this variety as the discoverer. Jim has gained a little bit of immortality with this discovery.

Jim is walking on clouds, and if he seems a little proud these days, I can understand. For a new collector to varieties to discover a new variety is something on its own. Many collectors spend years examining coins before they discover a new variety. Some collectors spend a lifetime and never discover a new variety.

New discoveries are waiting to be discovered. Jim will never look at a coin the same again, he will always be looking for something that will make the coin special. The value of this coin is not in the coin's value, but it the value of a new discovery for Jim. This coin is priceless to him. Well almost priceless.

I am sure that if someone offered him enough money, they could buy the coin. But Jim will always be listed as the discoverer and he will always have the memories of the hunt.

If you have coins you would like to get authenticated, let us know. We do not charge for this service. Contact: Frank M. Zapushek, PO Box 1993, Bloomington, IL 61602-1993. Or email me at [coins@davesworld.net](mailto:coins@davesworld.net).
